Robin Moira White, WSRA Trustee

Dear Ms, White

Crowcombe Parish Council would like to offer its support for the West Somerset Railway application for DCMS grant funding, on the following grounds.

The West Somerset Railway plays an important role within the local community it is an important part of our tourism, which brings many visitors to the local area this increases the local economy. The Railway provides a heritage interest. The railway is a beautiful addition to our tourism opportunities, it is also a good learning tool for local Children to experience the bygone age of steam.

Yours sincerely,

(Mrs) Melanie Catchpole
Clerk to the Parish Council
